

Arboracle Site Feature Analysis

This document provides a detailed feature analysis for key pages of the Arboracle site, designed to assist the development team in understanding the purpose, functionalities, and interactive elements of each page.

Main Page

Page Title and URL

- **Title:** Arboracle - Home
- **URL:** <https://www.arboracle.com/> (Example URL)

Purpose

The main page serves as the central hub and entry point for the Arboracle website. Its primary purpose is to introduce visitors to the Arboracle platform, highlight its core mission (e.g., sustainable forestry, tree tracking), and provide clear navigation to other key sections of the site, such as "Nursery" and "Projects." It aims to engage users immediately and direct them to relevant information or functionalities.

Key Features & Functionalities

- **Navigation Bar (Header):**

Logo: (Image) "Arboracle Logo" - Links to the home page.
